Subject: Re-zoning of harlaw park (ILWFC)
Date: 11 June 2020 08:03:58

Dear recipient,

I'm writing this email to complain about the re-zoning of harlaw park from part of the town centre to a protected area. Thus limiting any future developments and upgrades at Harlaw park. This could have serious implications to Locos ambitions to progress through the SFL pyramid system. The club may not be able to comply with future SFL requirements.

Allegedly this was a decision made without any consultation with the football club? I find that hard to swallow in today's climate of inclusion and diversity. How any body can make a unilateral decision without consulting the affected parties is beyond belief.

Regards

Derek Ramsay
