David & Joyce Findlater

[REDACTED]

Dear Sir /Madam,

On receiving this notification for proposal of development at the rear of our property for path/cycle/railway line we object strongly to this for the reasons listed below.

1. We feel this is a protected area with the amount of wildlife using area, i.e newts, toads, swans and many types of water fowl.
2. We fear our privacy will be affected with this development.
3. We also feel our security at the rear of property would be compromised with an increase on movement behind our premises.
4. We feel that it may decrease the value of our home in which we have lived in for 10 years and would Hope to stay for many more.

We feel that this pathway is too close to the rears of most of the properties [REDACTED] and feel that an alternative route should be found. Trusting I will be kept up to date with this development And how it is progressing.

Yours Sincerely  
David & Joyce.
