Planning Objection - Site OP1 - Insch.

From:-

William John Blackwood

[REDACTED]

Objections:-

- 1) New houses would overlook our back garden thus removing all previous privacy and lowering the house's value
- 2) New houses would completely block my extensive view of Dunideer etc thus again lowering the house's value.
- 3) The boundary wall between my property and the proposed development is a partial structural support for my garage and woodshed. There is no indication of how or if this has been taken into consideration.

William John Blackwood - 21 6 2020.
