Reference LDP2021NN

I would like to voice my strong objection to the above referenced proposed plan for the building on Green Belt land at Potterton.

There is absolutely no need or justification to build on this land [REDACTED]. Ongoing expansion of Bridge of Don and Balmedie far exceeds the requirement for housing needs in the area and are already supported by existing infrastructure.

There are numerous Brown Field sites available both in Aberdeen and Aberdeenshire that should be developed before Green Belt should even be considered. I feel that both councils have totally let us down on this respect [REDACTED].

[REDACTED]

If this [REDACTED] does go ahead I think we will see the results [REDACTED] in the ballot boxes at the next election.
