

PROPOSED ABERDEENSHIRE LOCAL DEVELOPMENT PLAN 2020 RESPONSE FORM

As part of the production of the Local Development Plan, a 'Main Issues Report' was published in January 2019. The responses from these consultations have helped to inform the content of the Proposed Local Development Plan ("the Proposed Plan").

The Aberdeenshire Local Development Plan will direct decision-making on land-use planning issues and planning applications in Aberdeenshire for the 10-year period from 2021 to 2031. The Proposed Plan was agreed by Aberdeenshire Council in March 2020 as the settled view of the Council. However, the Proposed Plan will be subjected to an independent examination and is now open for public comment.

This is your opportunity to tell us if anything should be changed in the Proposed Plan, and why.

When writing a response to the Proposed Plan it is important to specifically state the modification(s) that you would wish to see to the Plan.

This is the only remaining opportunity to comment on the Proposed Plan. The reasons for any requested changes will be analysed and reported to Scottish Ministers. They will then appoint a person known as a Reporter to conduct a public examination of the Proposed Plan, focusing particularly on any unresolved issues and the changes sought.

Ministers expect representations (or responses) to be concise (no more than 2000 words) and accompanied by limited supporting documents. It is important to ensure that all of the information that you wish to be considered is submitted during this consultation period as there is no further opportunity to provide information, unless specifically asked.

Please email comments to ldp@aberdeenshire.gov.uk or send this form to reach us by 31 July 2020*.

We recommend that you keep a copy of your representation for your own records.

**UPDATE 16 June 2020: Consultation period was extended from 17 July 2020 for a further two-week period.*

Modification that you wish to see (please make specific reference to the section of the Proposed Plan you wish to see modified if possible, for example Section 9, paragraph E1.1):

Kintore: Services and Infrastructure p590
-Local transport infrastructure

Reason for change:

The proposed development plan for Kintore, will see in excess of 1000 new properties constructed. This will lead to a significant increase in vehicular traffic in the area, particularly at peak commuting hours. This will be most apparent on the B987 leading to the Bromhill Roundabout (A96), which is already a significant choke point for traffic at these times.

The proposed developments without the construction of an appropriate slip road to link the B987 to the A96, will therefore see a large increase in queuing traffic, airborne pollution (due to stationary queuing traffic) and increase in commuting times. The roundabout is also a safety concern due to the number of RTC already there.

Inverurie already suffers from these issues at the A96/B993 roundabout, so increasing the numbers of households without appropriate infrastructure improvements would be a mistake.
