Modification that you wish to see (please make specific reference to the section of the Proposed Plan you wish to see modified if possible, for example Section 9, paragraph E1.1):

Site Ref OP3(FR065) South of Turin Way

Modification to be:

1. no development
2. minimal development
3. substantial landscaping belts between development and existing properties on the east and north of the site to be a planning requirement.

Reason for change:

Our property, [REDACTED] backs on to OP3. This is a steading conversion which was completed in Sep 2019. It is a substantial property, converted to a high standard and of a value around £500,000. Our objection is that the close proximity of the proposed housing development will affect the present open aspect of the property thus degrading it and having a significant negative impact on its value.
