Modification that you wish to see (please make specific reference to the section of the Proposed Plan you wish to see modified if possible, for example Section 9, paragraph E1.1):

LDP 2021 NN

No need for new allocations OP1 & OP2

Reason for change:

Already have existing developments in pipeline
FR 03(A), FR 104, for a total of 190 homes

The new allocations are in a Greenbelt

The infrastructure is insufficient to support
further development - roads, drainage/water supply.

Given recent economic downturn and the
affect on oil & gas is there the need for more
houses. There is a surplus of housing plans
in area and in all probability a major shortage
of job opportunities
