**Modification that you wish to see** (please make specific reference to the section of the Proposed Plan you wish to see modified if possible, for example Section 9, paragraph E1.1):

SITE OPI POTTERTON

**Reason for change:**

I do not think the roads can take extra traffic. Also the access road to the new dual carriageway to Aberdeen is not suitable for any more traffic. Also there are no amenities to be built ie schools or health services.

The extra traffic from all the houses is 117 by 2 cars per household.

Also the noise and pollution while building is going on will cause a lot of disturbance.
