Your Comments (no more than 2000 words)

Modification that you wish to see (please make specific reference to the section of the Proposed Plan you wish to see modified if possible, for example Section 9, paragraph E1.1):

None, sought. Support the identification of Muirtack (map 38) as an Area of Search for Minerals.

Reason for change:

CHAP Group fully support the identification of Muirtack (map 38) as an Area of Search for Minerals in Appendix 14 of the Proposed Local Development Plan. There is a serious shortage of sand and gravel resources in the Aberdeen area, and this site is essential to ensuring supply is retained. As demonstrated through a recent planning application on the site (APP/2019/2723 and APP/2019/2724), there are no technical reasons as to why the resource at this site cannot be extracted.
