Modification that you wish to see (please make specific reference to the section of the Proposed Plan you wish to see modified if possible, for example Section 9, paragraph E1.1):

LDP 2021 NN

I would like to object to the changes proposed for Potterton in the Local Development Plan - particularly OP1 and OP2 and the destruction of the green belt.

Reason for change:

Access roads unsuitable for increased volume of traffic → road safety already a cause for concern.

There is no provision for schooling - increased numbers at Balmedie Primary would result in an excess of pupils well within the timescale of this plan.

I also have concerns regarding sewage/drainage and the effect all these extra homes would have on the capacity of the Waste Water Treatment works and its ability to cope considering the extent of development planned for the surrounding villages. There has been a lack of communication with the local residents.
