

# PROPOSED ABERDEENSHIRE LOCAL DEVELOPMENT PLAN 2020 RESPONSE FORM

As part of the production of the Local Development Plan, a 'Main Issues Report' was published in January 2019. The responses from these consultations have helped to inform the content of the Proposed Local Development Plan ("the Proposed Plan").

The Aberdeenshire Local Development Plan will direct decision-making on land-use planning issues and planning applications in Aberdeenshire for the 10-year period from 2021 to 2031. The Proposed Plan was agreed by Aberdeenshire Council in March 2020 as the settled view of the Council. However, the Proposed Plan will be subjected to an independent examination and is now open for public comment.

**This is your opportunity to tell us if anything should be changed in the Proposed Plan, and why.**

When writing a response to the Proposed Plan it is important to specifically state the modification(s) that you would wish to see to the Plan.

This is the only remaining opportunity to comment on the Proposed Plan. The reasons for any requested changes will be analysed and reported to Scottish Ministers. They will then appoint a person known as a Reporter to conduct a public examination of the Proposed Plan, focusing particularly on any unresolved issues and the changes sought.

Ministers expect representations (or responses) to be concise (no more than 2000 words) and accompanied by limited supporting documents. It is important to ensure that all of the information that you wish to be considered is submitted during this consultation period as there is no further opportunity to provide information, unless specifically asked.

Please email comments to [ldp@aberdeenshire.gov.uk](mailto:ldp@aberdeenshire.gov.uk) or send this form to reach us by 17 July 2020.

We recommend that you keep a copy of your representation for your own records.

# YOUR COMMENTS

**Modification that you wish to see** (please make specific reference to the section of the Proposed Plan you wish to see modified if possible, for example Section 9, paragraph E1.1):

Land around Stuartfield

**Reason for change:**

With the 'proposed' site being almost already developed out, this will leave Stuartfield devoid of new housing for the next 12 years. While we understand that the school roll is currently a restraint, recent re-zoning for this school has taken effect and will continue to take effect which could have a negative affect by the end of the LDP period.

The most sensible place for allocating development would be the west of the village as was proposed in bid BU006, where perhaps less dense housing could be a good solution to allow more green space and biodiversity areas to be incorporated, linking to the nearby trees and to benefit the wider community.

It is also noted that Developer Obligations contributions from recent developments around the village have now been paid towards increasing capacity at the school. With 68 of 75 homes now built on site OP1 along with multiple houses around the village with the Organic Growth policy, these contributions will have amounted to a considerable sum, but if no new development is approved then no additional contributions will come forward to "top up" the Developer Obligations contributions to a level that would allow the school to be extended further etc, so the developers could then seek to claim contributions back until no money remains in the pot.
