Esther McKay,

[REDACTED]

LDP2021NN

The first we heard about this development was by letter and when my husband tried to object he was told a decision to go ahead had already been made. Due to restrictions in large gatherings because of Covid 19 everything was done behind closed doors. The villagers' of Potterton were not given the chance to voice their opinion. Further information has been given via [REDACTED], but not everyone has access to a computer. So These people are in the dark. There are a lot of young families in Potterton who want their children to grow up in a country environment. If this development goes ahead their planing to live in the country has been a waste of time. We have very little crime in Potterton, which is another reason we choose to live here. As usually happens with large developments if the population increases the crime rate will increase. That is the last thing we want to happen. We are being completely ignored and the fact that lives will be changed forever and not for the better is not being taken into account. This proposed development will effect everyone who lives here.

[REDACTED] These houses are not needed nor wanted.

Esther McKay
