*An acknowledgement will be sent to this address soon after the close of consultation.*

# YOUR COMMENTS

Please provide us with your comments below. We will summarise comments and in our analysis will consider every point that is made. Once we have done this we will write back to you with Aberdeenshire Council's views on the submissions made. We will publish your name as the author of the comment, but will not make your address public.

**Modification that you wish to see** (please make specific reference to the section of the Proposed Plan you wish to see modified if possible, for example Section 9, paragraph E1.1):

LDP 2021N

I am objecting to the Local Proposal Local Development for the changes in Potterton. I don't want Potterton to increase of the houses over the next 5 years. I object to OP1, OP2 and destruction of the green belt around the village of Potterton.

Reason for change:

I am objecting on the Proposal on the green belt on Potterton, we would lose so much wild life around the area.

In OP1, OP2 this is a flood risk area, and I don't want to live in a building site for the next 5 yrs

There is on going issues with the drainage and run off, which the pumping station already can't cope with the amount of houses and the Scottish Water are already aware.

I don't want more traffic to make the road which is a Class C road! it is already a dangerous road to walk on or cycle on as it is a single track road, passing place, and blind summits and dangerous narrow bends. There would be on going traffic noise outside my house with more traffic on the road, also concerned where the entrance and exits on the new development. As I have said already this road can not take any more traffic. I have on going concerns on all OP1, OP2
