# YOUR COMMENTS

Please provide us with your comments below. We will summarise comments and in our analysis will consider every point that is made. Once we have done this we will write back to you with Aberdeenshire Council's views on the submissions made. We will publish your name as the author of the comment, but will not make your address public.

**Modification that you wish to see** (please make specific reference to the section of the Proposed Plan you wish to see modified if possible, for example Section 9, paragraph E1.1):

LDP 2021 NN

I would like to object to the Local Proposal Local Development for the changes in Potterton, I do not wish to live on the side of a suburb increasing Potterton over 50% of houses over the next 5yrs. I object to OP1, OP2 and the destruction of the green belt around the village of Potterton

**Reason for change:**

I am against on the proposal on the green belt on Potterton, we would lose a lot of green belt land that we enjoy the views, wildlife and walks as a family. We should be protecting the different animal species not taking their homes away.

In OP1, OP2 this is a flood risk area, I don't want to be living next to a building site for years to come instead of looking at my views.

There is an ongoing issue with drainage and runoff, which the pumping station can not cope with that the Scottish Water are already aware!

There will be excessive traffic and noise, the road is not able to take more traffic for additional number of houses.

The road is a C class road (single track, passing place, blind summits and narrow bends which are very dangerous). It

would just make the road even more dangerous if we have more traffic on the road to walk on as there are no pavements, cycle on as there are no cycle paths which both my children use this road for also myself and my husband.

I have ongoing concerns on all OP1, OP2.
