

# PROPOSED ABERDEENSHIRE LOCAL DEVELOPMENT PLAN 2020 RESPONSE FORM

As part of the production of the Local Development Plan, a 'Main Issues Report' was published in January 2019. The responses from these consultations have helped to inform the content of the Proposed Local Development Plan ("the Proposed Plan").

The Aberdeenshire Local Development Plan will direct decision-making on land-use planning issues and planning applications in Aberdeenshire for the 10-year period from 2021 to 2031. The Proposed Plan was agreed by Aberdeenshire Council in March 2020 as the settled view of the Council. However, the Proposed Plan will be subjected to an independent examination and is now open for public comment.

**This is your opportunity to tell us if anything should be changed in the Proposed Plan, and why.**

When writing a response to the Proposed Plan it is important to specifically state the modification(s) that you would wish to see to the Plan.

This is the only remaining opportunity to comment on the Proposed Plan. The reasons for any requested changes will be analysed and reported to Scottish Ministers. They will then appoint a person known as a Reporter to conduct a public examination of the Proposed Plan, focusing particularly on any unresolved issues and the changes sought.

Ministers expect representations (or responses) to be concise (no more than 2000 words) and accompanied by limited supporting documents. It is important to ensure that all of the information that you wish to be considered is submitted during this consultation period as there is no further opportunity to provide information, unless specifically asked.

Please email comments to [ldp@aberdeenshire.gov.uk](mailto:ldp@aberdeenshire.gov.uk) or send this form to reach us by 31 July 2020\*.

We recommend that you keep a copy of your representation for your own records.

*\*UPDATE 16 June 2020: Consultation period was extended from 17 July 2020 for a further two-week period.*

# YOUR COMMENTS

Please provide us with your comments below. We will summarise comments and in our analysis will consider every point that is made. Once we have done this we will write back to you with Aberdeenshire Council's views on the submissions made. We will publish your name as the author of the comment, but will not make your address public.

**Modification that you wish to see** (please make specific reference to the section of the Proposed Plan you wish to see modified if possible, for example Section 9, paragraph E1.1):

Allocate land at Tillybirloch for housing (4 homes).

## Reason for change:

Tillybirloch is located within the Aberdeen Housing Market Area of the Garioch Area of Aberdeenshire Council. Tillybirloch is classified, using the Scottish Government six-fold urban rural classification as "Accessible Rural" and is a small hamlet with one local employer (Midmar Timber Centre). The LDP does not identify it as a settlement, and therefore there are no Priorities identified. Nevertheless, being in close proximity to the settlement of Midmar, we would expect the Priorities to be similar.

The Council's reasons stated in the MIR for not favouring the site subject of this submission (Ref GR055) for a development of 4 houses (including one affordable home comprising Low Cost Home Ownership) are that the site is situated in the countryside distant from the main settlement of Midmar (acknowledging that it is adjacent to other residential development) but that the development would not be in a sustainable location and would be car reliant.

SPP acknowledges that rural development may be car reliant, but in this instance the children can walk to school on safe routes, without having to cross or walk on any public roads, and there is the Community hall and a bus stop in the not too distant proximity to the site. This area of land is of negligible agricultural quality with overhead lines crossing the site affecting this. Whilst this is not ideal from an agricultural perspective, it does mean that services are available on site. It is also a well contained area from a visual perspective and represents a gap site within the settlement.

Whilst we acknowledge that Tillybirloch is not identified as a settlement, if the Council were accepting of the principle of this development, it would be worth considering adding Tillybirloch to the list of settlements suitable for Organic Growth which would assist consideration of an application in the event that an allocation in the LDP is not feasible due to scale.

Therefore, we are of the view that the proposed development of this site would have no negative impact on the settlement; have a positive impact on both the vital facilities in Midmar in terms of supporting the Primary School Roll; deliver market housing (at reasonable prices) and an additional affordable unit; would not represent

overdevelopment; the land is not prime quality agricultural land for the purposes of planning (Grade 3.2), and compliance with the Councils design guidance can be demonstrated in the event that the principle is accepted.
