

PROPOSED ABERDEENSHIRE LOCAL DEVELOPMENT PLAN 2020 RESPONSE FORM

As part of the production of the Local Development Plan, a 'Main Issues Report' was published in January 2019. The responses from these consultations have helped to inform the content of the Proposed Local Development Plan ("the Proposed Plan").

The Aberdeenshire Local Development Plan will direct decision-making on land-use planning issues and planning applications in Aberdeenshire for the 10-year period from 2021 to 2031. The Proposed Plan was agreed by Aberdeenshire Council in March 2020 as the settled view of the Council. However, the Proposed Plan will be subjected to an independent examination and is now open for public comment.

This is your opportunity to tell us if anything should be changed in the Proposed Plan, and why.

When writing a response to the Proposed Plan it is important to specifically state the modification(s) that you would wish to see to the Plan.

This is the only remaining opportunity to comment on the Proposed Plan. The reasons for any requested changes will be analysed and reported to Scottish Ministers. They will then appoint a person known as a Reporter to conduct a public examination of the Proposed Plan, focusing particularly on any unresolved issues and the changes sought.

Ministers expect representations (or responses) to be concise (no more than 2000 words) and accompanied by limited supporting documents. It is important to ensure that all of the information that you wish to be considered is submitted during this consultation period as there is no further opportunity to provide information, unless specifically asked.

Please email comments to ldp@aberdeenshire.gov.uk or send this form to reach us by 31 July 2020*.

We recommend that you keep a copy of your representation for your own records.

**UPDATE 16 June 2020: Consultation period was extended from 17 July 2020 for a further two-week period.*

Modification that you wish to see (please make specific reference to the section of the Proposed Plan you wish to see modified if possible, for example Section 9, paragraph E1.1):

Vision for Potterton (Strategic Growth Area)

APPENDIX 7C SETTLEMENT STATEMENTS (FORMARTINE)

Page 476 (Potterton)

Remove the first two sentences of the Vision:

- *Potterton is a small settlement located within the Aberdeen green belt. It is outwith the Aberdeen to Peterhead Strategic Growth Area.*

Replace with an amended sentence:

- *Potterton is a small settlement **inset** within the Aberdeen green belt **and** the Aberdeen to Peterhead Strategic Growth Area, **as well as the Energetica Corridor.***

2) OP1 – Woodside Cottage

APPENDIX 7C SETTLEMENT STATEMENTS (FORMARTINE)

Page 478 (Potterton)

Allocated sites - OP1: Land north of Denview Road

Remove the first three sentences:

- *This is a new allocation. The site is a logical extension to the northeast of the settlement. A Masterplan will be required for the delivery of the site.*

Replace with amended text:

- *This is a new allocation. The site is a logical extension to the northeast of the settlement **and is located close to local businesses, public transport and existing footpaths.** A Masterplan will be required for the delivery of the site **which should leave a landscaped buffer around Woodside Cottage.***

3) OP2 – Footpath

APPENDIX 7C SETTLEMENT STATEMENTS (FORMARTINE)

Page 479 (Potterton)

Allocated sites - OP2: Land north West of Denview Road

Add text to the end of the third sentence:

*A Masterplan will be required for the delivery of the site, **which should incorporate and enhance the existing footpath between Kirkhill Gardens and The Stead Inn.***

Reason for change: No change – Expression of Support for Proposed Plan

We support the allocation of land north and north-west of Denview Road for 172 units and community facilities and 61 houses respectively. Scottish Ministers expect the Proposed Plan to represent the ‘settled will’ of the Council as to what the final content of the Plan should be. Any changes to the Plan prior to an Examination require the Council to prepare a Modified version that should be subject to a further round of consultation.

The allocation of land at Potterton is fully compliant with the soon to be approved Strategic Development Plan which identifies the Blackdog to Ellon corridor as a Strategic Growth Area. Settlements in this corridor should therefore be the first port of call to accommodate new housing development. We are unaware of any local objections to the inclusion of Potterton within this growth corridor. Furthermore, the SDP Examination Report recommended an increase in the strategic housing allowances for Aberdeenshire further supporting the need for additional housing in this corridor, particularly settlements such as Potterton which has seen only limited recent development.

No allocations have been made at Potterton for over a decade, well designed new housing will bring increased choice and availability, attracting new families to the village, which has an ageing population.

Identification of the site as a housing allocation resulted from a rigorous examination of all development options in the settlement through a Strategic Environmental Assessment. This site scored significantly better than alternative sites being promoted. We would agree that the site is a logical extension to the settlement. In terms of existing infrastructure, we understand that the developer will be required to mitigate any impact in accordance with national guidance. For example. A Flood Risk Assessment will be required as part of any planning application with contributions to education and community facilities is deemed necessary.

One of the reasons the OP1 and OP2 sites were chosen was due to the fact that additional traffic is less likely to go through the village and use the B999, and also has the potential to provide a direct access from the road leading to the AWPR for the benefit of existing residents, who would not have to use the sharp corner further up the road. Development in other locations promoted would have required all traffic to go through the village or onto the B999, increasing congestion at the Shielhill junction at Bridge of Don.

We understand the Community Council expressed support for the development of the site at the Main Issues Report stage and no doubt this support will continue in any response to the Proposed Plan.

Development at OP1 and OP2 will leave a strong ring of greenbelt around Potterton, even with these two fields removed. Development to the west of the B999 would be severed from the settlement by the busy B999.

Attracting families to Potterton will provide an increase in customers for the village shop.
