

PROPOSED ABERDEENSHIRE LOCAL DEVELOPMENT PLAN 2020 RESPONSE FORM

As part of the production of the Local Development Plan, a 'Main Issues Report' was published in January 2019. The responses from these consultations have helped to inform the content of the Proposed Local Development Plan ("the Proposed Plan").

The Aberdeenshire Local Development Plan will direct decision-making on land-use planning issues and planning applications in Aberdeenshire for the 10-year period from 2021 to 2031. The Proposed Plan was agreed by Aberdeenshire Council in March 2020 as the settled view of the Council. However, the Proposed Plan will be subjected to an independent examination and is now open for public comment.

This is your opportunity to tell us if anything should be changed in the Proposed Plan, and why.

When writing a response to the Proposed Plan it is important to specifically state the modification(s) that you would wish to see to the Plan.

This is the only remaining opportunity to comment on the Proposed Plan. The reasons for any requested changes will be analysed and reported to Scottish Ministers. They will then appoint a person known as a Reporter to conduct a public examination of the Proposed Plan, focusing particularly on any unresolved issues and the changes sought.

Ministers expect representations (or responses) to be concise (no more than 2000 words) and accompanied by limited supporting documents. It is important to ensure that all of the information that you wish to be considered is submitted during this consultation period as there is no further opportunity to provide information, unless specifically asked.

Please email comments to ldp@aberdeenshire.gov.uk or send this form to reach us by 31 July 2020*.

We recommend that you keep a copy of your representation for your own records.

**UPDATE 16 June 2020: Consultation period was extended from 17 July 2020 for a further two-week period.*

YOUR COMMENTS

Please provide us with your comments below. We will summarise comments and in our analysis will consider every point that is made. Once we have done this we will write back to you with Aberdeenshire Council's views on the submissions made. We will publish your name as the author of the comment, but will not make your address public.

Modification that you wish to see (please make specific reference to the section of the Proposed Plan you wish to see modified if possible, for example Section 9, paragraph E1.1):

The proposed LDP is overly restrictive at the Waterside Hotel site, Peterhead due to the site being contained in the Coastal Zone and within the countryside policy. This area of land should be brought into the Peterhead settlement. No other settlement site has been allocated within the Coastal zone designation.

Reason for change:

We have made representation to the initial LDP MIR (copy enclosed) with regards to the designation of land use in and around the Waterside Hotel which has not been included within the plan.

We still maintain our objection in so far as the Waterside hotel and surrounding land have been classified as Coastal Zone areas which places huge restrictions on the land and it is still located within the Countryside. We would wish this restriction lifted over what is a long established brownfield site. We would also wish this area to be officially brought into the Peterhead settlement catchment area as it is adjacent to existing housing and zoned land so will ultimately form part of Peterhead in the future. We would also wish scope to extend the existing housing areas. As we are all aware the Covid pandemic has caused great burdens on existing businesses and developments so having these additional policy restrictions to development lifted now on this area would help greatly. We acknowledge that the council are looking to review the Coastal Zone and we welcome this but their review is not planned till 2022.

As the site is to the West of the river Ugie it is visually separated from the coast by Peterhead Golf Course, so there would still be a visual Coastal Zone buffer. The land to the South of the site can be retained as a protected area and made accessible to the public, we are aware that this would be the intention of the land owner.

We are also aware that this area would fall within the Regeneration Priority Area * for Peterhead so further reinforcing the need to lift any restrictions on it.

**Policy B (B4.1) applies to the towns of Banff, Macduff, Fraserburgh and Peterhead. Under this policy, development proposals should lie within 200m of the settlement boundary.r.*

Waterside
Peterhead
Coastal Zone
Redefined

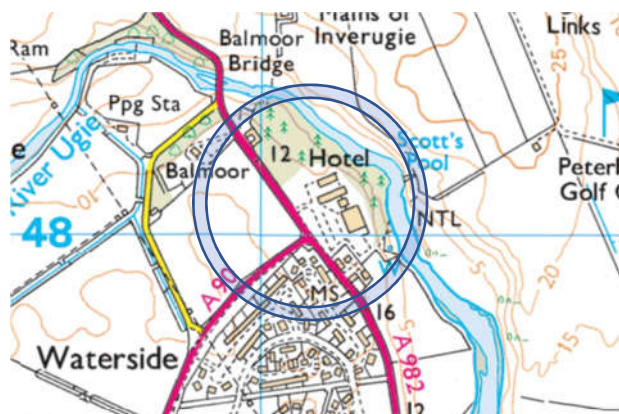

Bid Description

This bid is for the amendment to the coastal zone boundary adjacent to Peterhead and to include this area within the settlement of Peterhead.

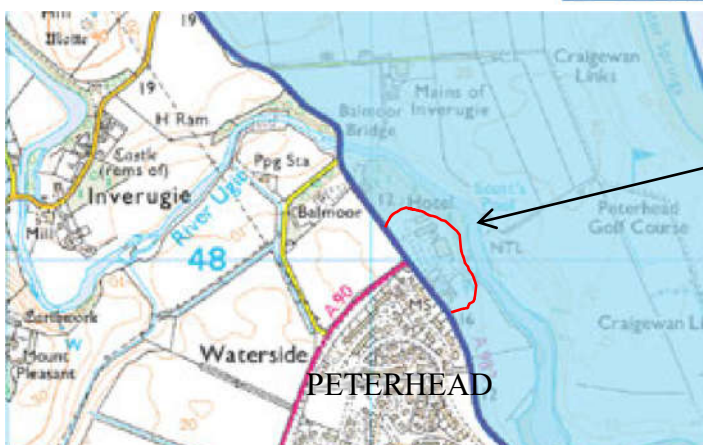

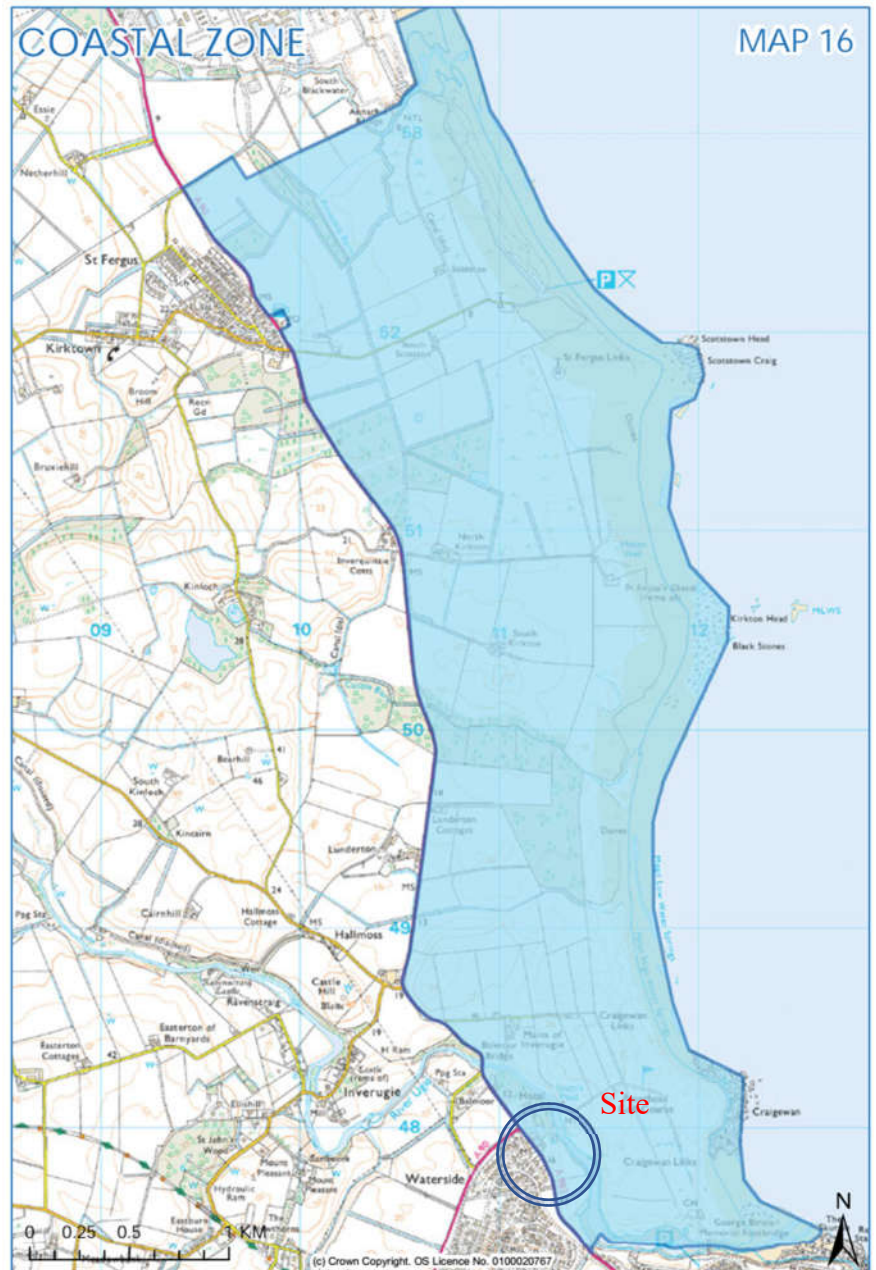

The area is located to the North of the A982 & A90 where the Waterside Hotel is located and adjacent existing housing estates.

There is a scattered build-up of housing and hotel in this area which appears to be included within the coastal zone policy area.

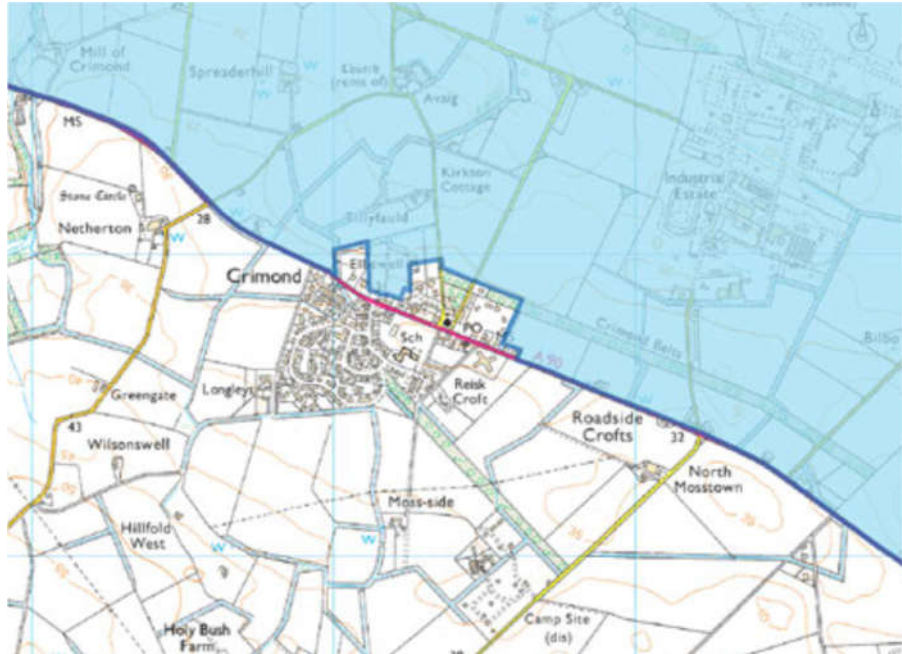

Policy & Coastal Zone

The coastal zone policy was brought into the local plan to control development that materially affected the visual appearance of the coast, however on viewing the areas covering the coastal zone it is clear that these areas were simply designated by drawing a line between the coast and the nearest main road leaving large swathes of the rural countryside and in the case of Peterhead urban areas too covered by the policy. We think in the case of our site this was an error as no other settlement has part of its area within the Coastal Zone.

Coastal zone has been drawn over the Waterside Hotel and adjacent houses in Peterhead.

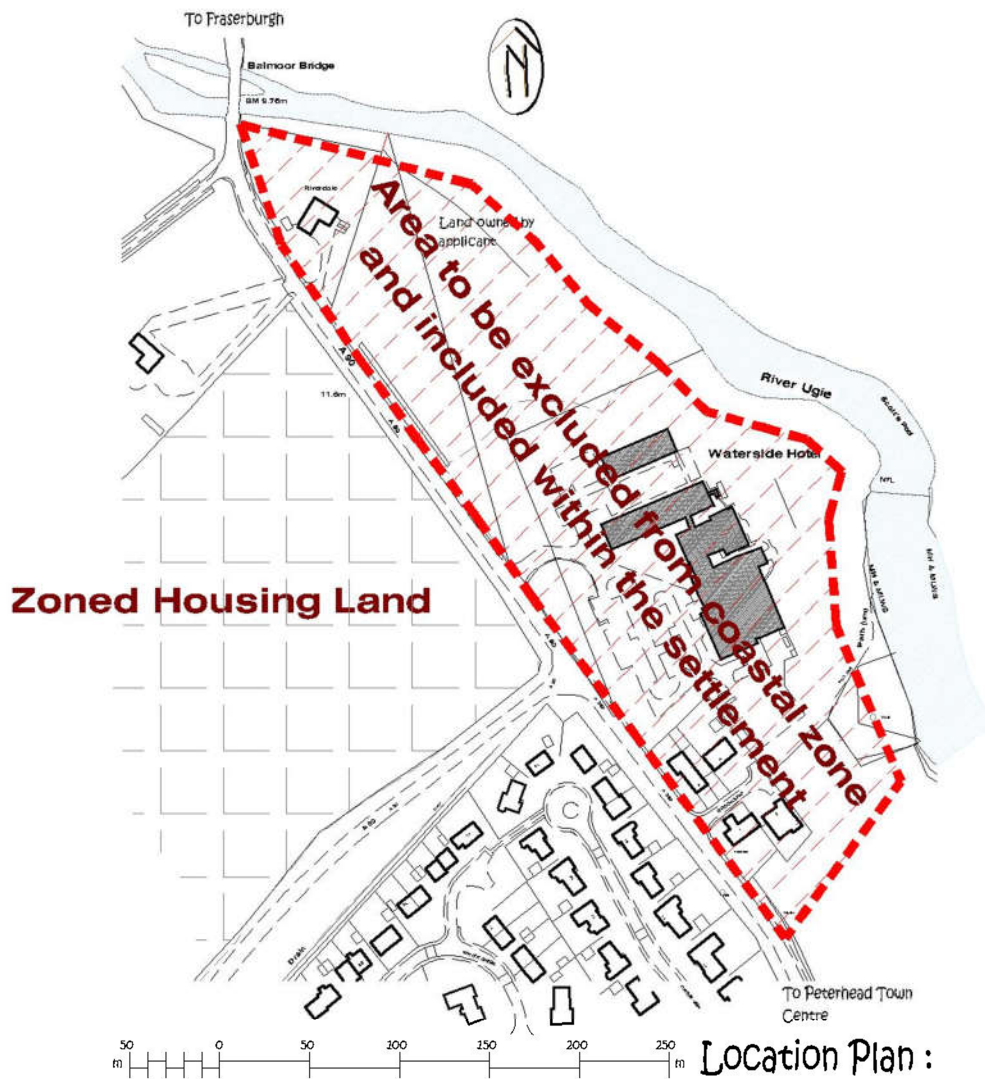

The coastal zone even comes up to the boundary of Crimond which is about 2.5 miles from the coast however, unlike Peterhead, the zone excludes the whole of Crimond.

It would appear that all of the built up settlements within the Coastal zone have been excluded apart from this area in Peterhead.

Area Character

There are a number of houses in and around the area along with a Hotel and large parking lot which contributes to the built up feel of the area. The site effectively is part of the Peterhead Settlement and should be included within the Peterhead Settlement boundary.

Location of site

Across the A982 is the Waterside Housing Estate and the zoned large scale housing development (OP1 for 1265 homes).
