

# PROPOSED ABERDEENSHIRE LOCAL DEVELOPMENT PLAN 2020 RESPONSE FORM

As part of the production of the Local Development Plan, a 'Main Issues Report' was published in January 2019. The responses from these consultations have helped to inform the content of the Proposed Local Development Plan ("the Proposed Plan").

The Aberdeenshire Local Development Plan will direct decision-making on land-use planning issues and planning applications in Aberdeenshire for the 10-year period from 2021 to 2031. The Proposed Plan was agreed by Aberdeenshire Council in March 2020 as the settled view of the Council. However, the Proposed Plan will be subjected to an independent examination and is now open for public comment.

## **This is your opportunity to tell us if anything should be changed in the Proposed Plan, and why.**

When writing a response to the Proposed Plan it is important to specifically state the modification(s) that you would wish to see to the Plan.

This is the only remaining opportunity to comment on the Proposed Plan. The reasons for any requested changes will be analysed and reported to Scottish Ministers. They will then appoint a person known as a Reporter to conduct a public examination of the Proposed Plan, focusing particularly on any unresolved issues and the changes sought.

Ministers expect representations (or responses) to be concise (no more than 2000 words) and accompanied by limited supporting documents. It is important to ensure that all of the information that you wish to be considered is submitted during this consultation period as there is no further opportunity to provide information, unless specifically asked.

Please email comments to [ldp@aberdeenshire.gov.uk](mailto:ldp@aberdeenshire.gov.uk) or send this form to reach us by 31 July 2020\*.

We recommend that you keep a copy of your representation for your own records.

*\*UPDATE 16 June 2020: Consultation period was extended from 17 July 2020 for a further two-week period.*

# YOUR COMMENTS

Please provide us with your comments below. We will summarise comments and in our analysis will consider every point that is made. Once we have done this we will write back to you with Aberdeenshire Council's views on the submissions made. We will publish your name as the author of the comment, but will not make your address public.

**Modification that you wish to see** (please make specific reference to the section of the Proposed Plan you wish to see modified if possible, for example Section 9, paragraph E1.1):

Modification of OP5, Oldmeldrum from the Aberdeenshire Local Development Plan if site OP5 is not completely removed per our submission of 15 July 2020.  
Appendix 7c, Page 467

**Reason for change:**

Recommend no housing be built or any development works take place within the yellow outlined area and this outlined area be removed from the OP5 development plan.

- Remove the greenfield that is outlined in yellow in the map above from the development plan for OP5. The area outlined in blue is a small woodland/boggy area within the suggested development exclusion area.
- This would be a compromise from our preferred stance of removing OP5 from the development plan in its entirety per our submission of 15 July 2020. However, this submission does not supersede our submission of 15 July 2020.
- As we did not have our home at [REDACTED] built so we could look on to the side or back of other houses ([REDACTED]), this would allow for local

greenfield to remain as an aspect of the properties of Newbarns an Park Lane. This has been the case for more than a decade. It would also afford the OP5 development an area to utilize as community ground while also giving an area for local wildlife to roam that lives within the small woodland (outlined in blue); preserving some of the natural habitat in the immediate area as well as retaining some of the countryside settlement feel and charm of the village.

- As we had our home built after a very long and difficult effort to get included in the local plan and was primarily accepted as it squared off the town boundary and had no real impact on greenfield as it wasn't being utilized, we would ask that this recommendation get serious consideration. In light of the fact that when the area for [REDACTED] was adopted, it was stated by planning committee of that time that there would be 'no further development in the greenfield area on that side of Oldmeldrum', we see this as a very viable solution. We realize that time has moved on and there have been changes within the Planning & Development offices; however, we fully expect that the statements made from the period of the [REDACTED] adoption be honoured in some fashion and believe this recommendation would be satisfactory for all involved with no real impact to the OP5 development.

- Please note that the private road for [REDACTED] is not owned by the land owner of OP5 and needs to be excluded from the development plan.

- Red Squirrels have been seen on OP5, especially around the blue and yellow outlined areas of the above map. As they are considered endangered in parts of the UK, development on the area outlined in yellow would damage natural habitats not only for the Red Squirrel, but for other indigenous wildlife (deer, rabbits, foxes and multiple types of birdlife) that continually utilize this habitat.

- We still maintain that developing this site, regardless of the above the suggested compromise detailed here, still poses significant and unacceptable traffic, safety, noise and pollution hazards as mentioned in our 15 July 2020 submission. We also maintain that public services (police, fire, roadways) need substantial improvements and increases in the Oldmeldrum village and around the OP5 area well before any part of this development is considered to be moved forward.

We are open to discuss this modification recommendation with the Local Development Plan committee and request that we be allowed to address the committee directly via on the OL5 development directly during the next meeting.
