

PROPOSED ABERDEENSHIRE LOCAL DEVELOPMENT PLAN 2020 RESPONSE FORM

As part of the production of the Local Development Plan, a 'Main Issues Report' was published in January 2019. The responses from these consultations have helped to inform the content of the Proposed Local Development Plan ("the Proposed Plan").

The Aberdeenshire Local Development Plan will direct decision-making on land-use planning issues and planning applications in Aberdeenshire for the 10-year period from 2021 to 2031. The Proposed Plan was agreed by Aberdeenshire Council in March 2020 as the settled view of the Council. However, the Proposed Plan will be subjected to an independent examination and is now open for public comment.

This is your opportunity to tell us if anything should be changed in the Proposed Plan, and why.

When writing a response to the Proposed Plan it is important to specifically state the modification(s) that you would wish to see to the Plan.

This is the only remaining opportunity to comment on the Proposed Plan. The reasons for any requested changes will be analysed and reported to Scottish Ministers. They will then appoint a person known as a Reporter to conduct a public examination of the Proposed Plan, focusing particularly on any unresolved issues and the changes sought.

Ministers expect representations (or responses) to be concise (no more than 2000 words) and accompanied by limited supporting documents. It is important to ensure that all of the information that you wish to be considered is submitted during this consultation period as there is no further opportunity to provide information, unless specifically asked.

Please email comments to ldp@aberdeenshire.gov.uk or send this form to reach us by 31 July 2020*.

We recommend that you keep a copy of your representation for your own records.

**UPDATE 16 June 2020: Consultation period was extended from 17 July 2020 for a further two-week period.*

Modification that you wish to see (please make specific reference to the section of the Proposed Plan you wish to see modified if possible, for example Section 9, paragraph E1.1):

Correct the entries in Table 3, Appendix 6 for the OP2 allocation in Aboyne to LDP 2017 allocation - 130 (to reflect actual capacity of the site rather than the notional capacity), built by Jan 2019 - 29, Effective 2019 101, delete the contribution of 5 units to the Local Growth RHMA allowances and reduce the LDP allocation to 101 units to reflect the position detailed in the 2019 housing land audit

Reason for change:

The OP2 allocation dates back to 2006 and was initially divided into three phases. The residual part of this site was a local plan allocation in the 2017 LDP with a notional capacity for 135 houses. The consented capacity was 130 houses but 29 houses had been completed between 2013 - 2015 leaving 101 houses left in the 1st January 2019.

It is important to ensure that the site capacities in allocations that are carried forward into new LDPs are re-based to the base date of the LDP for consistency and to avoid any overstatement of the existing effective land supply. As an existing effective allocation at the base date of the emerging LDP the allocation does not qualify as contributing towards meeting the strategic allowances to avoid double counting.
