

PROPOSED ABERDEENSHIRE LOCAL DEVELOPMENT PLAN 2020 RESPONSE FORM

As part of the production of the Local Development Plan, a 'Main Issues Report' was published in January 2019. The responses from these consultations have helped to inform the content of the Proposed Local Development Plan ("the Proposed Plan").

The Aberdeenshire Local Development Plan will direct decision-making on land-use planning issues and planning applications in Aberdeenshire for the 10-year period from 2021 to 2031. The Proposed Plan was agreed by Aberdeenshire Council in March 2020 as the settled view of the Council. However, the Proposed Plan will be subjected to an independent examination and is now open for public comment.

This is your opportunity to tell us if anything should be changed in the Proposed Plan, and why.

When writing a response to the Proposed Plan it is important to specifically state the modification(s) that you would wish to see to the Plan.

This is the only remaining opportunity to comment on the Proposed Plan. The reasons for any requested changes will be analysed and reported to Scottish Ministers. They will then appoint a person known as a Reporter to conduct a public examination of the Proposed Plan, focusing particularly on any unresolved issues and the changes sought.

Ministers expect representations (or responses) to be concise (no more than 2000 words) and accompanied by limited supporting documents. It is important to ensure that all of the information that you wish to be considered is submitted during this consultation period as there is no further opportunity to provide information, unless specifically asked.

Please email comments to ldp@aberdeenshire.gov.uk or send this form to reach us by 31 July 2020*.

We recommend that you keep a copy of your representation for your own records.

**UPDATE 16 June 2020: Consultation period was extended from 17 July 2020 for a further two-week period.*

Please use this form to make comments on the Proposed Aberdeenshire Local Development Plan 2020. If you are making comments about more than one topic it would be very helpful if you could fill in a **separate response form for each issue you wish to raise**.

Please email or send the form to reach us by 31 July 2020 at the following address:

YOUR COMMENTS

Please provide us with your comments below. We will summarise comments and in our analysis will consider every point that is made. Once we have done this we will write back to you with Aberdeenshire Council's views on the submissions made. We will publish your name as the author of the comment, but will not make your address public.

Modification that you wish to see (please make specific reference to the section of the Proposed Plan you wish to see modified if possible, for example Section 9, paragraph E1.1):

Delete the Ladysbridge OP1 contribution to the Allowances 2020 - 2032 of 30 houses and the LDP 2021 allocation of 30 houses. (Table 3 : Housing Allocations in the Rural HMA). Allocate an alternative site in the Local Growth Area of the RHMA or, of marketability constraints preclude the identification of a suitable alternative, in the Local Growth Area of the adjacent Aberdeen Housing Market Area where there are no widespread marketability constraints.

Reason for change:

The Ladysbridge development has been ongoing for a number of years and the OP1 site was included within the original development masterplan albeit for non residential employment related uses.

On the 1st January 2019 the residual capacity of the Ladysbridge development amounted to 15 houses. While a bid was made for additional housing on the site as reported in the MIR it was not supported on the grounds that it would not contribute to sustainable development. As the bid was not supported there was no reasonable alternative identified for public consultation purposes.

An application under reference APP/2019/0569 was subsequently submitted after the base date of the LDP and approved on the 8th August 2019.

The site therefore is a windfall site and not an allocation that can score against meeting the strategic allowances. Any alternative approach would create an unacceptable precedent in allowing the Planning Authority to assert that the strategic allowances can be met in part throughout the lifetime of the plan by the contribution from windfall sites.
