

PROPOSED ABERDEENSHIRE LOCAL DEVELOPMENT PLAN 2020 RESPONSE FORM

As part of the production of the Local Development Plan, a 'Main Issues Report' was published in January 2019. The responses from these consultations have helped to inform the content of the Proposed Local Development Plan ("the Proposed Plan").

The Aberdeenshire Local Development Plan will direct decision-making on land-use planning issues and planning applications in Aberdeenshire for the 10-year period from 2021 to 2031. The Proposed Plan was agreed by Aberdeenshire Council in March 2020 as the settled view of the Council. However, the Proposed Plan will be subjected to an independent examination and is now open for public comment.

This is your opportunity to tell us if anything should be changed in the Proposed Plan, and why.

When writing a response to the Proposed Plan it is important to specifically state the modification(s) that you would wish to see to the Plan.

This is the only remaining opportunity to comment on the Proposed Plan. The reasons for any requested changes will be analysed and reported to Scottish Ministers. They will then appoint a person known as a Reporter to conduct a public examination of the Proposed Plan, focusing particularly on any unresolved issues and the changes sought.

Ministers expect representations (or responses) to be concise (no more than 2000 words) and accompanied by limited supporting documents. It is important to ensure that all of the information that you wish to be considered is submitted during this consultation period as there is no further opportunity to provide information, unless specifically asked.

Please email comments to ldp@aberdeenshire.gov.uk or send this form to reach us by 31 July 2020*.

We recommend that you keep a copy of your representation for your own records.

**UPDATE 16 June 2020: Consultation period was extended from 17 July 2020 for a further two-week period.*

Modification that you wish to see (please make specific reference to the section of the Proposed Plan you wish to see modified if possible, for example Section 9, paragraph E1.1):

Delete the contribution of 36 houses towards meeting the strategic allowances in the Local Growth Area from the OP1 allocation in Keithhall, (Table 2, Appendix 6). Identify a new alternative effective allocation in the Local Growth Area of the Aberdeen Housing Market Area

Reason for change:

This allocation entered the housing land audit in 2006 and is included in the long term constrained schedule in the 2019 housing land audit as an ownership constrained site. The position agreed by the Planning Authority at the time of the 2019 audit was that the timescale for resolving the constraint was unknown. No planning applications have been submitted to advance development on the site in the past 15 years.

Initially, the site had a capacity of 5 houses and this has increased to 15 houses in successive LDPs.

The recruitment of long term constrained sites to meet the strategic allowances is not a competent approach to the delivery of housing through the development plan. Generally, constrained sites within the established supply at the base date of a local development plan should be discounted unless the constraint is known to be temporary in nature. This is not the case in this instance. There is nothing to justify the inclusion of this site as an allocation which will contribute to meeting the strategic allowances and nothing to support the increase in its capacity from 15 houses to 36.
