

# PROPOSED ABERDEENSHIRE LOCAL DEVELOPMENT PLAN 2020 RESPONSE FORM

As part of the production of the Local Development Plan, a 'Main Issues Report' was published in January 2019. The responses from these consultations have helped to inform the content of the Proposed Local Development Plan ("the Proposed Plan").

The Aberdeenshire Local Development Plan will direct decision-making on land-use planning issues and planning applications in Aberdeenshire for the 10-year period from 2021 to 2031. The Proposed Plan was agreed by Aberdeenshire Council in March 2020 as the settled view of the Council. However, the Proposed Plan will be subjected to an independent examination and is now open for public comment.

**This is your opportunity to tell us if anything should be changed in the Proposed Plan, and why.**

When writing a response to the Proposed Plan it is important to specifically state the modification(s) that you would wish to see to the Plan.

This is the only remaining opportunity to comment on the Proposed Plan. The reasons for any requested changes will be analysed and reported to Scottish Ministers. They will then appoint a person known as a Reporter to conduct a public examination of the Proposed Plan, focusing particularly on any unresolved issues and the changes sought.

Ministers expect representations (or responses) to be concise (no more than 2000 words) and accompanied by limited supporting documents. It is important to ensure that all of the information that you wish to be considered is submitted during this consultation period as there is no further opportunity to provide information, unless specifically asked.

Please email comments to [ldp@aberdeenshire.gov.uk](mailto:ldp@aberdeenshire.gov.uk) or send this form to reach us by 31 July 2020\*.

We recommend that you keep a copy of your representation for your own records.

*\*UPDATE 16 June 2020: Consultation period was extended from 17 July 2020 for a further two-week period.*

Please use this form to make comments on the Proposed Aberdeenshire Local Development Plan 2020. If you are making comments about more than one topic it would be very helpful if you could fill in a **separate response form for each issue you wish to raise.**

# YOUR COMMENTS

Please provide us with your comments below. We will summarise comments and in our analysis will consider every point that is made. Once we have done this we will write back to you with Aberdeenshire Council's views on the submissions made. We will publish your name as the author of the comment, but will not make your address public.

**Modification that you wish to see** (please make specific reference to the section of the Proposed Plan you wish to see modified if possible, for example Section 9, paragraph E1.1):

Delete the OP4 allocation in Fraserburgh from Table 3 : Housing Allocations in the Rural HMA in its entirety and reallocate alternative site in the RHMA Local Growth Area or, if that proves impossible in the RHMA because of marketability issues, in the Local Growth Area of the adjacent Aberdeen HMA where marketability constraints are not an issue. Adjust the settlement statement accordingly.

## Reason for change:

The OP4 site is already developed with farm buildings. It lies on the southern edge of the OP1 site. Given the timescale envisaged for the development of the OP1 site with completion anticipated in 2047 the delivery of connecting infrastructure to this relatively small area of ground cannot be assured with the confidence necessary to satisfy SPP.

The high density of the development is also a concern given that the MIR suggests that existing vernacular buildings should be retained on the site. Clearly, the suggested pedestrian linkages with the adjacent OP1 site are unlikely to be available within the lifetime of the LDP.

While the allocation should be deleted from the plan it is suggested that the settlement boundary includes the site to enable a more appropriate level of development to be brought forward as a windfall site should it prove to be viable.
