

# PROPOSED ABERDEENSHIRE LOCAL DEVELOPMENT PLAN 2020 RESPONSE FORM

As part of the production of the Local Development Plan, a 'Main Issues Report' was published in January 2019. The responses from these consultations have helped to inform the content of the Proposed Local Development Plan ("the Proposed Plan").

The Aberdeenshire Local Development Plan will direct decision-making on land-use planning issues and planning applications in Aberdeenshire for the 10-year period from 2021 to 2031. The Proposed Plan was agreed by Aberdeenshire Council in March 2020 as the settled view of the Council. However, the Proposed Plan will be subjected to an independent examination and is now open for public comment.

**This is your opportunity to tell us if anything should be changed in the Proposed Plan, and why.**

When writing a response to the Proposed Plan it is important to specifically state the modification(s) that you would wish to see to the Plan.

This is the only remaining opportunity to comment on the Proposed Plan. The reasons for any requested changes will be analysed and reported to Scottish Ministers. They will then appoint a person known as a Reporter to conduct a public examination of the Proposed Plan, focusing particularly on any unresolved issues and the changes sought.

Ministers expect representations (or responses) to be concise (no more than 2000 words) and accompanied by limited supporting documents. It is important to ensure that all of the information that you wish to be considered is submitted during this consultation period as there is no further opportunity to provide information, unless specifically asked.

Please email comments to [ldp@aberdeenshire.gov.uk](mailto:ldp@aberdeenshire.gov.uk) or send this form to reach us by 31 July 2020\*.

We recommend that you keep a copy of your representation for your own records.

*\*UPDATE 16 June 2020: Consultation period was extended from 17 July 2020 for a further two-week period.*

Please use this form to make comments on the Proposed Aberdeenshire Local Development Plan 2020. If you are making comments about more than one topic it would be very helpful if you could fill in a **separate response form for each issue you wish to raise**.

# YOUR COMMENTS

Please provide us with your comments below. We will summarise comments and in our analysis will consider every point that is made. Once we have done this we will write back to you with Aberdeenshire Council's views on the submissions made. We will publish your name as the author of the comment, but will not make your address public.

**Modification that you wish to see** (please make specific reference to the section of the Proposed Plan you wish to see modified if possible, for example Section 9, paragraph E1.1):

Delete OP1 site in Cairnbulg / Inverallochy from Table 3 : Housing Allocations in the Rural HMA (Appendix 6) and from the settlement statement.

## Reason for change:

This site is a long term constrained site having entered the audit in 2006. The developer mentioned in the audit as [REDACTED] has made no effort to advance the delivery of housing on the site over the past 15 years and there is no basis to support the required confidence that the site will deliver housing necessary to satisfy SPP.

The site was constrained in the 2019 audit on grounds of marketability and was not seen as contributing any possible housing until 2024 at the earliest. Nothing has occurred during 2019 / 2020 to render the site effective. There are other issues that might discourage development including potential contamination from the previous use of the site as a wartime airfield and an access 'ransom strip' situation.

The OP2 site and the adjacent OP3 site will, however, deliver housing and are associated with a committed housebuilder thus making it even more unlikely that the OP1 site can or will become effective during the lifetime of the plan.

Recruiting sites from the long term constrained supply should not be permissible and an alternative allocation should be identified in the Local Growth Area of the RHMA or, if marketability issues render that impossible, in the adjacent Aberdeen HMA. Given the substantial shortfall in the allocations necessary to ensure that the minimum 5 year effective land supply can be maintained at all times through the development plan it is critically important that all allocations are effective or capable of becoming effective during the relevant plan period.
