# PROPOSED ABERDEENSHIRE LOCAL DEVELOPMENT PLAN 2020 RESPONSE FORM

As part of the production of the Local Development Plan, a 'Main Issues Report' was published in January 2019. The responses from these consultations have helped to inform the content of the Proposed Local Development Plan ("the Proposed Plan").

The Aberdeenshire Local Development Plan will direct decision-making on land-use planning issues and planning applications in Aberdeenshire for the 10-year period from 2021 to 2031. The Proposed Plan was agreed by Aberdeenshire Council in March 2020 as the settled view of the Council. However, the Proposed Plan will be subjected to an independent examination and is now open for public comment.

## **This is your opportunity to tell us if anything should be changed in the Proposed Plan, and why.**

When writing a response to the Proposed Plan it is important to specifically state the modification(s) that you would wish to see to the Plan.

This is the only remaining opportunity to comment on the Proposed Plan. The reasons for any requested changes will be analysed and reported to Scottish Ministers. They will then appoint a person known as a Reporter to conduct a public examination of the Proposed Plan, focusing particularly on any unresolved issues and the changes sought.

Ministers expect representations (or responses) to be concise (no more than 2000 words) and accompanied by limited supporting documents. It is important to ensure that all of the information that you wish to be considered is submitted during this consultation period as there is no further opportunity to provide information, unless specifically asked.

Please email comments to [ldp@aberdeenshire.gov.uk](mailto:ldp@aberdeenshire.gov.uk) or send this form to reach us by 31 July 2020\*.

We recommend that you keep a copy of your representation for your own records.

*\*UPDATE 16 June 2020: Consultation period was extended from 17 July 2020 for a further two-week period.*

# YOUR COMMENTS

Please provide us with your comments below. We will summarise comments and in our analysis will consider every point that is made. Once we have done this we will write back to you with Aberdeenshire Council's views on the submissions made. We will publish your name as the author of the comment, but will not make your address public.

**Modification that you wish to see** (please make specific reference to the section of the Proposed Plan you wish to see modified if possible, for example Section 9, paragraph E1.1):

P459 Appendix 7c – Formartine Newburgh Allocation Sites Map of Newburgh  
Move “Possible Future Link Road – Indicative North Distribution Road” closer to Newburgh and refer to as “By-pass” rather than “Distributor Road” and “Link Road”,

**Reason for change:**

Suggested Line of Northern Bypass (Google Permission Granted 2012)

The above proposed route of possible northern by-pass was specifically chosen in submission to Formartine Area Committee in December 2012 and is still a potential route today.

- 1) By starting the northern by-pass on the A975 immediately to the north of the National Decommissioning Centre and running the by-pass west immediately to the south of the 2 fields to the north, Ythan Lodge, Knockhall Castle (if renovated) and East Knockhall Lodge *et al.* preserve their setting and outlook.
- 2) Bring the NW side of the by-pass closer to present Newburgh is likely to make the requirement to build the by-pass more an immediate requirement of any development. Leaving the by-pass set just outside the edge of any present proposed development [REDACTED] when next time the Local Development Plan is drafted the by-pass route may again be proposed to move further NW.

The reasons for referring for the envisaged road as “by-pass” is such road should be of a standard and width required of an A road. (eg similar to A948 on North side of Ellon).

(Note: If the A975 was then rerouted around such a by-pass it could proceed along the present B9000 to the junction with the A90. [ I understood from speaking with Transport Scotland when planning the dualling of A90, it would be possible to introduce a south bound traffic intersection on the A90 with the B9000 if it was required at some future date.]
