

# PROPOSED ABERDEENSHIRE LOCAL DEVELOPMENT PLAN 2020 RESPONSE FORM

As part of the production of the Local Development Plan, a 'Main Issues Report' was published in January 2019. The responses from these consultations have helped to inform the content of the Proposed Local Development Plan ("the Proposed Plan").

The Aberdeenshire Local Development Plan will direct decision-making on land-use planning issues and planning applications in Aberdeenshire for the 10-year period from 2021 to 2031. The Proposed Plan was agreed by Aberdeenshire Council in March 2020 as the settled view of the Council. However, the Proposed Plan will be subjected to an independent examination and is now open for public comment.

## **This is your opportunity to tell us if anything should be changed in the Proposed Plan, and why.**

When writing a response to the Proposed Plan it is important to specifically state the modification(s) that you would wish to see to the Plan.

This is the only remaining opportunity to comment on the Proposed Plan. The reasons for any requested changes will be analysed and reported to Scottish Ministers. They will then appoint a person known as a Reporter to conduct a public examination of the Proposed Plan, focusing particularly on any unresolved issues and the changes sought.

Ministers expect representations (or responses) to be concise (no more than 2000 words) and accompanied by limited supporting documents. It is important to ensure that all of the information that you wish to be considered is submitted during this consultation period as there is no further opportunity to provide information, unless specifically asked.

Please email comments to [ldp@aberdeenshire.gov.uk](mailto:ldp@aberdeenshire.gov.uk) or send this form to reach us by 31 July 2020\*.

We recommend that you keep a copy of your representation for your own records.

*\*UPDATE 16 June 2020: Consultation period was extended from 17 July 2020 for a further two-week period.*

# YOUR COMMENTS

Please provide us with your comments below. We will summarise comments and in our analysis will consider every point that is made. Once we have done this we will write back to you with Aberdeenshire Council's views on the submissions made. We will publish your name as the author of the comment, but will not make your address public.

**Modification that you wish to see** (please make specific reference to the section of the Proposed Plan you wish to see modified if possible, for example Section 9, paragraph E1.1):

- 1) A [small path](#) to Whitecairns to enable foot access.
- 2) Extend the [50mph zone](#) through Whitecairns to include our house.

## Reason for change:

- 3) A [small path](#) to Whitecairns to enable foot access.
  - Living on a fast and busy road such as the B999 means we cannot leave our house safely without the use of a car. This is *the* obvious way for us and our community to significantly lower our carbon footprint.
  - There is public transport available in Whitecairns with a bus stop which is brilliant! Alas, we can't access it to travel into Aberdeen or in the other direction to Pitmedden or Tarves. I regularly feel forced to decline invitations from friends and colleagues to go for a drink (or other spending to help restart the economy) as I don't feel I can ensure safe transport home. In addition, the reliance we have on having working cars is huge with no access to food shops etc. without them.
  - A small path (like the one outside the old school house at the junction up the hill to Kingseat) continued along [this stretch](#) to Whitecairns would allow us foot access using minor roads to Belhelive, Balmeadie, Potterton and Newmacher to name a few places.
  - This will vastly improve our opportunity for exercise and access to facilities and amenities. These benefits will be felt tenfold in the winter months when the light disappears!
  - Having to drive everywhere means we miss out on any community inclusion, never able to pass our neighbours and share quick conversation. Further to this, there is a post box and community notice board in Whitecairns which we cannot access without a car.
  - The limited disruption in implementing this would be welcomed by residents with the reduction in speed and volume of traffic through the village with vehicles instead opting for alternate routes such as the AWPR.
  - Note: There is already a recess back from the road just in front our house and Smithy Cottage (direct neighbour).
- 4) Extend the [50mph zone](#) through Whitecairns to include our house.
  - The finishing of the 50mph zone coupled with the short straight thereafter often leads vehicles to accelerate in excess of the speed limit for overtaking right in front of our limited visibility drive way. Because of this, pulling out of our driveway is extremely dangerous and several friends and family members aren't comfortable doing it without assistance.

- With the straight between Craigie and Tillycorthie, I don't believe opportunity for overtaking right after a speed restriction zone in Whitecairns is required and should be discouraged if possible.
- There is significant noise pollution with vehicles (notably bikes) making the most of the road opening up. Working from home only exacerbates this frustration.

I fear that the only chance Whitecairns has of investment is waiting until it is engulfed by Aberdeen.

Thanks for your time

Afternoon,

I'm writing to you to express some concerns and provide some requests for improvement with regards to Whitecairns.

I live at [REDACTED], just north of Whitecairns with my fiancé, dog and two ducks.

My requests are as follows:

1. A [small path](#) to Whitecairns to enable foot access.
  - Living on a fast and busy road such as the B999 means we cannot leave our house safely without the use of a car. This is *the* obvious way for us and our community to significantly lower our carbon footprint.
  - There is public transport available in Whitecairns with a bus stop which is brilliant! Alas, we can't access it to travel into Aberdeen or in the other direction to Pitmedden or Tarves. I regularly feel forced to decline invitations from friends and colleagues to go for a drink (or other spending to help restart the economy) as I don't feel I can ensure safe transport home. In addition, the reliance we have on having working cars is huge with no access to food shops etc. without them.
  - A small path (like the one outside the old school house at the junction up the hill to Kingseat) continued along [this stretch](#) to Whitecairns would allow us foot access using minor roads to Belhelive, Balmeadie, Potterton and Newmacher to name a few places.
  - This will vastly improve our opportunity for exercise and access to facilities and amenities. These benefits will be felt tenfold in the winter months when the light disappears!
  - Having to drive everywhere means we miss out on any community inclusion, never able to pass our neighbours and share quick conversation. Further to this, there is a post box and community notice board in Whitecairns which we cannot access without a car.
  - The limited disruption in implementing this would be welcomed by residents with the reduction in speed and volume of traffic through the village with vehicles instead opting for alternate routes such as the AWPR.
  - Note: There is already a recess back from the road just in front our house and Smithy Cottage (direct neighbour).
2. Extend the [50mph zone](#) through Whitecairns to include our house.
  - The finishing of the 50mph zone coupled with the short straight thereafter often leads vehicles to accelerate in excess of the speed limit for overtaking right in front of our limited visibility drive way. Because of this, pulling out of our driveway is extremely dangerous and several friends and family members aren't comfortable doing it without assistance.
  - With the straight between Craigie and Tillycorthie, I don't believe opportunity for

overtaking right after a speed restriction zone in Whitecairns is required and should be discouraged if possible.

- There is significant noise pollution with vehicles (notably bikes) making the most of the road opening up. Working from home only exacerbates this frustration.

I fear that the only chance Whitecairns has of investment is waiting until it is engulfed by Aberdeen.

Thanks for your time,

Hamish Mackenzie
