PROPOSED ABERDEENSHIRE LOCAL DEVELOPMENT PLAN 2020 RESPONSE FORM

As part of the production of the Local Development Plan, a 'Main Issues Report' was published in January 2019. The responses from these consultations have helped to inform the content of the Proposed Local Development Plan ("the Proposed Plan").

The Aberdeenshire Local Development Plan will direct decision-making on land-use planning issues and planning applications in Aberdeenshire for the 10-year period from 2021 to 2031. The Proposed Plan was agreed by Aberdeenshire Council in March 2020 as the settled view of the Council. However, the Proposed Plan will be subjected to an independent examination and is now open for public comment.

This is your opportunity to tell us if anything should be changed in the Proposed Plan, and why.

When writing a response to the Proposed Plan it is important to specifically state the modification(s) that you would wish to see to the Plan.

This is the only remaining opportunity to comment on the Proposed Plan. The reasons for any requested changes will be analysed and reported to Scottish Ministers. They will then appoint a person known as a Reporter to conduct a public examination of the Proposed Plan, focusing particularly on any unresolved issues and the changes sought.

Ministers expect representations (or responses) to be concise (no more than 2000 words) and accompanied by limited supporting documents. It is important to ensure that all of the information that you wish to be considered is submitted during this consultation period as there is no further opportunity to provide information, unless specifically asked.

Please email comments to ldp@aberdeenshire.gov.uk or send this form to reach us by 31 July 2020*.

We recommend that you keep a copy of your representation for your own records.

**UPDATE 16 June 2020: Consultation period was extended from 17 July 2020 for a further two-week period.*

YOUR COMMENTS

Please provide us with your comments below. We will summarise comments and in our analysis will consider every point that is made. Once we have done this we will write back to you with Aberdeenshire Council's views on the submissions made. We will publish your name as the author of the comment, but will not make your address public.

Modification that you wish to see (please make specific reference to the section of the Proposed Plan you wish to see modified if possible, for example Section 9, paragraph E1.1):

To whom it may concern,
I refer to Aberdeen City Council's LDP - specifically their inclusion of 'Royal Devenick Park' (OP46, bid 1308 'Leggart Brae') as a 'housing opportunity'. Part of this proposed site lies in the Shire's authority and is green belt land. I can find no mention of this site anywhere in the Shire's LDP. This site information should be included so that the public can comment.

Reason for change:

Many factors of this application concerns me, not only is this a green belt area where many locals enjoy walking into the countryside, experiencing local wildlife of deer, buzzards, owls and foxes which live in this area.

I support the protection of these species as any development which affect this habitat.

Access into and out of site

The fact that the 'Leggart Brae' site is cross boundary has major implications for site access from the Shire. Access to the site for construction would require new roads to be built. The site plan for the [REDACTED] PoAN (June 5, 2020) does not indicate how the site is accessed by vehicles. However, the [REDACTED] 'Development Framework Document' (for bid 1308 'Leggart Brae'), May 13, 2019 - Appendix 1, p 27, shows the following:

- Access road running west from the site into the Shire (just north of Oakhill dwelling and east of Stonedykes dwelling), and linking to the Causeymouth. This is currently a farm track. This apparent junction with the Causeymouth would make for a dangerous one, as just south of it the road bends and is steep - traffic is usually quite fast.

The Causeymouth is a 12th century drovers road and Designated Heritage Path -

<http://www.heritagepaths.co.uk/pathdetails.php?path=24>.

This road is popular with walkers (including dog walkers, seniors walking groups), cyclists, runners, and provides access to Tollochill Wood and the wider area of Banchory Devenick. During the Coronavirus pandemic the road has been crucial to both locals and those further afield for exercise and promoting well-being. The Causeymouth is also the main route from the city and shire to/from Banchory Devenick primary school. It is also a designated driving school route.

The Causeymouth is narrow (two HGVs could not pass each other), has no road markings, no lighting, and poor drainage. During the winter it is rarely gritted. This not a road suitable for major traffic. The 'Leggart Braes' proposal is for circa 150 'houses'. At a very conservative estimate probably at least 150 vehicles could be using the access roads, not to mention delivery vehicles, visitors, etc to the site. Not only might there be traffic to/from the site but there could be vehicles (of all shapes and sizes) coming into Aberdeen from the south that might use the site's access roads from the A92 to bypass the Bridge of Dee in order to get to the South Deeside Road. Any additional traffic on the Causeymouth would be unacceptable resulting in the Causeymouth becoming congested and suffering deterioration, contravening Shire LDP policy P2.6 - "Existing and potential public access routes (including core paths and other routes, such as public rights of way) should be protected". In addition, Section 11 *The Historic Environment* could apply to the ancient Causeymouth:

"Protecting and improving the historic environment is important to the distinctiveness and sense of place within Aberdeenshire. Local history helps create a clear identity for the area and strengthens connections between

people and places. We recognise the importance of the historic environment to the character of the area and to the quality of life of the people who live here.”

Even more alarming is the [REDACTED] proposed link road from the site to the B9077/South Deeside Road - ref. 'Development Framework Document' (for bid 1308 'Leggart Brae'), May 13, 2019 - Appendix 1, p 27

“A scheme of more minor importance than the AWPR is the previously proposed partial closure of Leggart Terrace to provide some relief to the southern Bridge of Dee roundabout (identified in the 'Access from the South' NESTRANS paper). This link, which would connect the South Deeside Road with the A92, could tie into any new junction on the A92 to the south of the Leggart site and would help facilitate not only development access but also connections to existing public transport services in Kincorth.”

This proposed road junctioning with the Causeymounth, runs north across Tollohill Braes to meet with the South Deeside Road (B9077). This would cut through greenbelt land in the Shire, and destroy woodland and forest tree planting undertaken by the [REDACTED] in recent years (at public expense). There is no mention of OP46 in the Shire LDP, let alone the proposed construction of a new road. Has the Shire rejected this infrastructure proposal?
